NOTES:

1. Considering the ongoing Covid-19 pandemic, the Ministry of Corporate Affairs (MCA), vide its circular dated December 28, 2022, read together with circulars dated April 8, 2020, April 13, 2020, May 5, 2020, January 13, 2021, December 8, 2021, December 14, 2021 and May 5, 2022 (collectively referred to as “**MCA Circulars**”), permitted convening the Annual General Meeting (“AGM” / “Meeting”) through Video Conferencing (“VC”) or Other Audio Visual Means (“OAVM”), without physical presence of the Members at a common venue. In accordance with the MCA Circulars, provisions of the Companies Act, 2013 (“the Act”) and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI Listing Regulations”), the AGM of the Company is being held through VC / OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) and MCA Circulars, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has engaged the services of Central Depository Services (India) Limited (CDSL) as the agency to provide e-Voting facility.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice (Refer Point 12). The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairperson of Audit Committee, Nomination & Remuneration Committee and Stakeholders Relationship Committee, Auditor etc.
4. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for this AGM and hence the Proxy Form, Route Map and Attendance Slip are not annexed hereto.
5. The Statement pursuant to Section 102 of the Companies Act, 2013, which sets out details relating to Special Business at the meeting, is annexed hereto.
6. The information pursuant to Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 regarding the Director seeking appointment/ reappointment in the Annual General Meeting is also being annexed hereto separately and forms part of the Notice. The Directors have furnished the requisite declarations for their appointment/ reappointment.
7. The Register of Members and the Share Transfer Books of the Company shall remain closed from 16th September, 2023 to 30th September, 2023 (both days inclusive).
8. The relevant statutory registers/documents will be available electronically for inspection by the Members during the AGM. Further, the documents referred to in the Notice, if any, will also be available electronically for inspection without any fee by the Members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email at secretarial.lud@vardhman.com.

DISPATCH OF ANNUAL REPORT THROUGH ELECTRONIC MODE:

9. In compliance with the MCA Circulars and SEBI Circular dated January 5, 2023 read with circular dated May 13, 2022, January 15, 2021 and May 12, 2020, Notice of the AGM along with the Annual Report 2022-23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. 2. MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT:

Management Discussion and Analysis Report for the year under review as stipulated under Regulation 34(2) (e) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is presented as under:

A. ACRYLIC FIBER INDUSTRY - GLOBAL AND INDIAN PERSPECTIVE:

Global consumption of Acrylic Fibre improved by more than 4% in CY 2022 over the previous year though consumption still remains more than 10% lower than pre-pandemic CY 2019. Russia Ukraine war led to an unprecedented increase in energy prices, inflationary pressures, not seen in the recent past, and a high level

of uncertainty about gas availability in Europe in the winter of CY 2022. It led to curtailment in discretionary expenditure by consumers affecting demand of a wide spectrum of goods including Acrylic Fibre products and consumer goods in general. In Europe, there was a brisk buying of winter clothing including Acrylic Fibre products in the earlier part of CY 2022 as a protective measure in anticipation of both high prices of natural gas and its short availability. However, once the uncertainty over gas availability abated and winter turned out to be relatively warmer than usual, buying of winter clothing dropped sharply. This phenomenon led to over supply of Acrylic Fibre globally and drop in its prices and margins. The

Acrylic Fibre producers had to start looking around for dumping their unsold production in later part of Q4 CY 2022 and Q1 of CY 2023.

In India, consumption of Acrylic Fibre witnessed an increase in FY 2023 over the previous year, though it still remains lower than the consumption in pre-pandemic FY 2020, supported by opening up of schools, colleges and social life and relatively better economic outlook compared to many other parts of the world. Consumption of Acrylic Fibre in India has sustained over last several years while a trend of consumption erosion has been observed globally. The over supply of Acrylic Fibre continues globally leading to Acrylic Fibre producers turning to Indian market to dump their surplus production at low prices.

Acrylonitrile, the major raw material of your Company, is a crude derivative. Acrylonitrile prices were very volatile during FY 2023 correcting by about 30% from April 2022 to December 2022 both on account of volatility in crude prices and factors specific to Acrylonitrile. Availability of Acrylonitrile is improving globally as regular capacity addition has been continuing in China over the last two years. Also investment in raw material chain of Acrylonitrile is continuing world over, especially in China, which is likely to support Acrylonitrile producers in maintaining high production rates and lower cost of production. This development augurs well for competitive position of Acrylic Fibre with respect to other competing man made fibres.

B. FINANCIAL ANALYSIS AND REVIEW OF OPERATIONS:

• PRODUCTION & SALES REVIEW:

Your Company has achieved a turnover of ₹ 42,666.45 lakhs against a turnover of ₹ 30,332.63 lakhs in the previous year. After providing for depreciation of ₹ 548.58 lakhs (previous year ₹ 541.51 lakhs) and provision for current tax of ₹ 1,084.01 lakhs (previous year ₹ 555.45 lakhs), deferred tax of ₹ (59.99) lakhs (previous year ₹ (268.37) lakhs), Profit after Tax after considering Other Comprehensive Income of the Company is ₹ 3,303.51 lakhs as against ₹ 1,485.44 lakhs in the previous year.

RESOURCE UTILIZATION:

(a) Fixed Assets:

The gross fixed assets (including work in-progress) as at March 31, 2023 were ₹ 8,600.45 lakhs as compared to ₹ 7,930.33 lakhs in the previous year.

(b) Current Assets:

The current assets as on March 31, 2023 were ₹ 19,895.83 lakhs as against ₹ 18,906.78 lakhs in the previous year. Inventory level was at ₹ 8,328.31 lakhs as against ₹ 7,684.89 lakhs in the previous year.

FINANCIAL CONDITIONS & LIQUIDITY:

Management believes that the Company's liquidity and capital resources should be sufficient to meet its expected working capital needs and other anticipated cash requirements. The position of liquidity and capital resources of the Company is given below:-

PARTICULARS	(₹ in lakhs)	
	2022-23	2021-22
Cash & cash equivalents:		
Beginning of the year	146.55	1857.47
End of the year	65.69	146.55
Net cash provided/ (used) by:		
Operating Activities	3,852.97	(941.39)
Investing Activities	(3,673.26)	19,012.30
Financial Activities	(260.57)	(19,781.83)

C. BUSINESS OUTLOOK

High inflation in India is impacting purchase of non-essential consumer goods including textiles. High imports of Acrylic Fiber in India in early 2023 when exporters were finding it difficult to sell in Europe, is likely to impact sales of Indian Acrylic Fibre producers in FY 2024. As business and social activities are back to normal completely from restrictions of pandemic time in India, it is expected that consumer spending will increase as inflation cools down and RBI relaxes its monetary policy. A good monsoon, as forecasted by IMD will mean healthy agriculture based income in rural areas which will further push spending.

There have been regular additions to Acrylonitrile capacity in recent years, especially in China. More additions have been planned in 2023 and beyond. It is expected that raw material supply will not be a concern for Acrylic Fibre industry.

Rationalization of Acrylic Fiber capacity in 2021 and 2023 will improve capacity utilization at global level, if there is a large uptick in demand. Despite this, exports to India are likely to remain high as foreign producers with low domestic consumption or surplus production will keep looking for opportunities to dump acrylic fiber in India amid shrinking opportunities in their traditional markets. Infact, large volumes of imports at low prices have already started reaching India in Q4 of FY 2022-23. This will continue to put pressure on margins of domestic Acrylic Fiber industry as also your Company warranting certain protective measures to be taken by the Govt. of India to safeguard interests of domestic industry. A level playing field will continue to be denied to Indian Acrylic Fiber industry unless the recommended Anti-Dumping duties are made effective. Geo political tensions and war, crude oil production cut backed by OPEC+ block, inflation level going forward, monetary policy by Central Banks world over are some of the key macro level factors which may impact both the prices and consumption of Acrylic Fibre and Acrylonitrile and therefore, have to be watched carefully.

D. MAJOR RISK AND AREA OF CONCERN

Subdued demand in China and Europe are major risks to global Acrylic Fiber consumption. Geo-political tensions and trade flows that have been disrupted due to unilateral and multilateral trade sanctions and restrictions are

factors to be watched. Tightening of monetary policies by Central banks to curb inflation is already affecting consumption in general including Acrylic Fiber Industry. However, there are signs of gradual softening of global energy prices. Indian economy would be benefited as India remains a large importer of energy. Crude oil production adjustment by OPEC+ block and change in Ukraine Russia war situation, which may impact energy price, also have to be watched carefully.

E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company reviews its Systems and Processes periodically to assess their robustness and sufficiency in view of business requirements, best industry practices, corporate governance, statutory compliances, controls and audit purpose. We have placed grievance redressal mechanisms at our manufacturing unit and offices and try to ensure a harassment free work environment along with workplace health and safety.

Major Raw material for making Acrylic Fiber is Acrylonitrile and Vinyl Acetate Monomer. These raw materials are chemicals and are derivatives of Crude Oil. Reputed international surveyors are appointed to supervise and monitor the loading of Acrylonitrile and Vinyl Acetate Monomer into shipping vessel and discharge into shore tank in India. The surveyor ensures that loading and discharge are done in conformance with the internationally accepted standard of safety. Surveyors also supervise the loading of Acrylonitrile from Shore tank to road tankers and ensures that best practices are followed.

We accord first priority to safety of human lives. Visitors as well as employees are given safety instructions before entering the premises/ work station to ensure workplace safety and minimize the probability of accidents.

It is ensured all employee and workers work on floor using all PPE's, Helmet and Safety shoes.

Independent Auditors' Report

To the Members of
Vardhman Acrylics Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Vardhman Acrylics Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2023, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the Statement of Cash flows for the year then ended and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr.no	Key Audit Matter	Auditor's Response
1	<p>Uncertain income-tax positions – Refer to Notes 2.3 (q), 2.4 (VII), 35 to the financial statement</p> <p>The Company has material uncertain income-tax positions including matters under dispute relating to Income Taxes. These matters involve significant management judgement to determine the possible outcome of these disputes.</p>	<p>Principal audit procedures performed:</p> <ul style="list-style-type: none"> • Obtained an understanding of and performed testing of design, implementation and operating effectiveness of the control established by the Company with regard to uncertain income tax positions. • We obtained details of complete income tax matters from the Company's internal tax experts during the year ended 31st March, 2023. • We involved our internal direct tax experts to challenge the management's underlying assumptions in estimating the tax provisions and possible outcome of the disputes. Our internal direct tax experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions relating to Income Taxes. • Assessed the adequacy of the disclosures made in the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis Report, Business Responsibility Report, Directors' Report including annexures, if any, thereon, and Corporate Governance Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to

the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or

when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of sub section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Therefore reporting under clause 3(xv) of the order is not applicable to the company.
- (xvi) (a) According to information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Therefore reporting under clause 3(xvi)(a) of the Order is not applicable to the company.
- (b) Based on information and explanation given to us, the company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934; and therefore reporting under clause 3(xvi)(b) of the Order is not applicable.
- (c) Based on information and explanation given to us, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India, and therefore reporting under clause 3(xvi)(c) of the Order is not applicable.
- (d) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and therefore reporting under clause 3(xvi)(d) of the Order is not applicable to the company.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) According to information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however,

state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) (a) On the basis of examination of records of the company, There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than on-going projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act.
- (b) In respect of on-going projects, the Company has transferred unspent Corporate Social Responsibility (CSR) amount as at the end of the previous financial year, to a Special account within a period of 30 days from the end of the said financial year in compliance with the provision of section 135(6) of the Act.

According to information and explanations given to us, there is no unspent amount in respect of on-going projects as at the end of current financial year.

- (xxi) The consolidated financial statements are not applicable to the company. Accordingly reporting under clause 3(xxii) of the Order is not applicable.

Annexure – “B”

Annexure – “B” to the Independent Auditors Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the members of Vardhman Acrylics Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial control over financial reporting of Vardhman Acrylics Limited (“the Company”) as of 31st March, 2023 in conjunction with our audit of financial statements of company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Board of Directors is responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal

financial controls both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

A company’s internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to these financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference

to the financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at 31st March, 2023 based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statement

for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

1. Corporate Information

Vardhman Acrylics Limited (“the Company”) is a public limited company, incorporated under the provisions of The Companies Act and has its registered office at Vardhman Premises, Chandigarh Road, Ludhiana, Punjab, India. The equity shares of the company are listed on National Stock Exchange of India Limited.

The Company is a leading manufacturer and supplier of Acrylic Fibre and Tow having its manufacturing facility in Gujarat, India.

Vardhman Textile Limited (Holding Co. of the entity) owns 70.74% of the company's equity share capital as at 31st March 2023.

The Board of Directors approved the Financial Statements for the year ended 31st March, 2023 and authorised for issue on 28th April, 2023.

2. Significant accounting policies, significant accounting judgements, estimates and assumptions and applicability of new and revised Ind AS

Significant Accounting Policies

Note 2.1 Statement of Compliance

The financial statement prepared in accordance with Indian Accounting Standards (Ind AS), and the provisions of the Companies Act, 2013 (‘the Act’) (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Note 2.2 Basis of preparation and presentation

The financial statements have been prepared on historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

The following assets and liabilities which have been measured at fair value:

- Derivative financial instruments

- Certain financial assets and liabilities measured at fair value.

Historical Cost

Historical cost is based on the fair value of the consideration given in exchange of goods and services.

Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for the asset or liability

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Entity uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and the risks of the asset or liability and the level of the fair value hierarchy as explained above.

Accounting policies have been consistently applied except where in newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Functional and presentation currency

The financial statements are presented in Indian rupees (INR) and all values are rounded to the nearest lakhs and two decimals thereof, except if otherwise stated.

Note 2.3 Significant Accounting Policies

(a) Revenue Recognition

Revenue

Revenue towards satisfaction of performance obligation is measured at the amount of transaction price allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of various discounts and schemes offered by the company as a part of the contract.

i. Sale of products

The company derives revenue primarily from sale of Acrylic Fibre and Tow.

Revenue from the sale of goods is recognized at the point in time when control is transferred to the customer which is usually on dispatch/ delivery.

Revenue is measured based on the transaction price (net of variable consideration) which is consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions,

incentives, and returns, if any, as specified in the contracts with the customers.

Revenue excludes taxes collected from customers on behalf of the government.

Due to short nature of credit period given to customers, there is no financing component in the contract.

ii. Interest income

- Interest Income from customers is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.
- Interest Income from financial asset is recognized when it is probable that economic benefits will flow to the company and amount of income can be measured reliably. Interest income is accrued on time basis, by reference to principal outstanding and at effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of financial asset to that asset's net carrying amount on initial recognition.

iii. Dividend income

Dividend income from investment is recognized when the right to receive the payment is established and amount of dividend can be measured reliably.

iv. Insurance and Other Claims

Revenue in respect of claims is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

(b) Employee Benefits

i. Short term Employee Benefits :

Short Term Employee Benefits are recognized as an expense on an undiscounted basis in the statement of profit and loss of the year in which the related service is rendered.

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

ii Post Employee Benefits Plans:

Defined Contributions Plans

(a) Provident Fund

Employees receive benefit in the form of provident fund which is a defined contribution plan. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

(b) Superannuation

Certain employees of the Company are participants in a defined contribution plan. The Company has no further obligations to the Plan beyond its monthly contributions which are periodically contributed to a trust fund, the corpus of which is invested with the Life Insurance Corporation of India.

Defined Benefits Plan:

(c) Gratuity

The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees of the Company. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The company fully contributes all ascertained liabilities to the Vardhman Acrylics Limited Gratuity Fund Trust (the Trust). Trustees administer contributions made to the Trusts and

contributions are invested in the scheme with Life insurance corporation of India as permitted by Indian Law.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gain and losses through re-measurements of the net defined benefit liability / asset are recognised in other comprehensive income and are not reclassified to profit and loss in subsequent periods.

The actual return of portfolio of plan assets in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognised in other comprehensive income.

iii Long term employee benefits:

Compensated absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

(c) Property, Plant and Equipment

Items of property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets as prescribed under Part C of Schedule II of the Companies Act 2013 except the assets costing ₹ 5000/- or below on which depreciation is charged

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

@ 100% per annum on proportionate basis, are as follows:

Building	- 30-60 years.
Plant and Machinery	- 15-25 years.
Office Equipment	- 5 Years
Computer Equipment	- 3 years.
Furniture and fittings	- 10 years
Vehicles excluding Motor cycles	- 08 years.
Motor cycles	- 10 years.

On transition to Ind AS, the company has elected to continue with the carrying value of all its Property, plant & equipment recognized as at 1st April, 2016 measured as per previous GAAP and use that carrying value as it's deemed cost of it's Property plant and equipment.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other 'non-current assets' and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

Impairment of property, plant and equipment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU (Cash Generating unit) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates

used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment is reviewed periodically, including at each financial year end.

(d) Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment if any. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence etc. Amortization method and useful lives and residual values are reviewed periodically, including at each financial year end.

Notes to Financial Statement

for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

(e) Inventories

Inventories of raw materials, stores and spares, work-in-progress and finished goods are valued at cost or net realisable value, whichever is lower. However, materials and other items held for use in the production of Inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost in respect of the aforesaid items of inventory is computed as under:

- In case of raw materials, at weighted average cost plus direct expenses.
- In case of stores and spares, at weighted average cost plus direct expenses.
- In case of work-in-progress, at raw material cost plus conversion cost depending upon the stage of completion.
- In case of finished goods, at raw material cost plus conversion cost, packing cost and other overheads incurred to bring the goods to their present condition and location.
- Net realizable value is the estimated selling price in ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

(f) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of items of Property, plant and equipment which necessarily takes substantial period of time to get ready for their intended use are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(g) Earnings per Share

Basic earnings per equity share is computed by dividing the net profit for the period attributable to the

equity share holders of the company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders is divided by the weighted average number of

equity shares outstanding during the period after adjusting for the effects of all dilutive potential equity shares, if any.

(h) Taxes on Income

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to when it relates to items recognized directly in equity or items recognised in other comprehensive income in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current income tax for current period is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

against which the deductible temporary differences and tax losses can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized. Deferred tax assets and deferred tax liabilities have been offset as they are governed by the same taxation laws.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(i) Government Grants

- i. The government grants are recognized only when there is reasonable assurance that the conditions attached to them will be complied with, and the grants will be received.
- ii. Government grants in relation to fixed assets are treated as deferred income and are recognized in the statement of profit and loss on a systematic and rational basis over the useful life of the asset.
- iii. Government grants related to revenue are recognized on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate.
- iv. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognised in profit or loss in the period in which they becoming receivable.
- v. Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

(j) Foreign Currency Transactions

Transaction and balances

The foreign currency transactions are recorded, on initial recognition in the functional currency, by

applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

The monetary items denominated in foreign currency are reported using the closing rate at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency is translated using the exchange rate at the date of the transaction.

The non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated.

Exchange differences arising on the settlement or reporting of monetary items at rates different from rates at which these were initially recorded during the period or reported in previous financial statements as recognised in the statement of profit or loss in the period in which they arise.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss, within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

(k) Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

(l) Leases

The Company as a lessee

The Company's lease asset classes primarily consist of leases for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases for which underlying asset is of low value. For these short-term and leases for which underlying asset is of low value, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments.

The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the lessee's incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

The Company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

(m) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liability are recognised when the company entity becomes a party to the contractual provisions of its instruments.

i. Initial Recognition and measurement

All financial assets and liabilities are initially recognized at fair value plus or minus transaction cost that are directly attributable to the acquisition or issue of financial asset or

financial liability on initial recognition. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction cost that are directly attributable to the acquisition of financial assets or financial liabilities, which are carried at fair value through profit or loss are immediately recognized in the statement of profit or loss.

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

ii. Subsequent measurement

• **Non-derivative financial instruments**

1. Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

1. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2. Investments in equity instruments measured at fair value through other comprehensive income

On initial recognition, the company can make an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. These elected investments are initially measured at fair value plus transaction cost, subsequently there are measured at fair value with gains and losses arising from changes in fair value recognized in Other Comprehensive Income and accumulated in the Reserve for equity instruments through Other Comprehensive

Income. The cumulative gain or loss is not reclassified to the Statement of Profit or loss on disposal of the investments.

- The above election is not permitted if the equity investment is held for trading.

Dividend on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

3. Financial assets at fair value through profit or loss

- A financial asset which is not classified in any of the above categories is subsequently measured at fair valued through profit or loss.
- Debt instruments that meet the amortised cost criteria or the fair value through other comprehensive income but are designated as fair value through profit or loss are measured at FVTPL.

4. Financial liabilities

- The financial liabilities are subsequently carried at amortized cost using the effective interest method.

• **Derivative financial instruments**

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

- **Financial assets or financial liability at fair value through Profit or Loss**

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

- **Cash Flow Hedge**

The Company has not designated derivative financial instruments as cash flow hedges.

- **Equity Instruments:**

Equity instruments are any contract that evidences a residual interest in the assets of an equity after deducting all of its liabilities.

- **Ordinary Shares**

Equity shares issued by the company are classified as equity. Incremental costs

directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

- **Derecognition of financial instruments**

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the right to receive the contractual cash flows including risk and rewards of ownership.

A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

- **Offsetting**

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the company has a legally enforceable right to set off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

- **Fair value measurement**

Fair value of financial assets and liabilities is normally determined by reference to the transaction price or market price, if the fair value is not reliably determinable then the fair value is determined by using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

value due to the short maturity of those instruments, carrying amount is considered as fair value.

iii. Impairment of financial assets

Financial assets that are carried at amortised cost and fair value through other comprehensive income (FVOCI) are assessed for possible impairments basis expected credit losses taking into account the past history of recovery, risk of default of the counterparty, existing market conditions etc. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

Expected Credit Losses are measured through a loss allowance at an amount equal to:

- . The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- . Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments).

For trade receivables or any contractual right to receive cash or another financial asset that result from transaction that are within the scope of Ind AS 115 and Ind AS 116. The Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the company has used a practical expedient as permitted under Ind AS 109. The company follows simplified approach does not require the company to track changes in credit risk. Rather it recognizes impairment loss allowance based on lifetime ECL's at each reporting date, right from its initial recognition.

For other assets, the company uses 12 months ECL to provide for impairment loss where is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

iv. Reclassification of financial assets

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(n) Cash and cash equivalents

Cash and cash equivalent for the purpose of statement of cash flows include bank balances, where the original maturity is three months or less and other short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

(o) Segment reporting

An operating segment is a component of the company that engages in business activities from which it

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the company's other components, and for which discrete financial information is available.

(p) Cash flow statement

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows" using the indirect method for operating activities.

(q) Provisions and Contingent liabilities:

(A) Provisions

- Provisions are recognized if, as a result of past event, the company has a present obligation (legal or constructive), and it is probable that a cash outflow will be required to settle the obligation in respect of where a reliable estimate can be made.
- As the timing of outflows of resources is uncertain, being dependent upon the outcome of the future proceedings, these provisions are not discounted to their present value.
- When some or all of economics benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursements will be received and amount of the receivable can be measured reliably.

(B) Contingent liability

- A disclosure for contingent liability is made when is a possible obligation or a present obligation that may, but probably will not require an outflow of resources.
- When there is possible obligation or a present obligation where the like hood of an outflow of resources is remote no provision or disclosure is made.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Contingent assets are neither recognized nor disclosed in the financial statements

Provisions, contingent liabilities, and commitments are reviewed at each balance sheet date.

Note 2.4 Significant accounting judgements, estimates and assumptions

The preparation of the financial statements in conformity with Indian Accounting Standards (Ind AS) require management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of revenues, expenses, assets and liabilities and disclosure of contingent liabilities at the date of the financial statement and reported amount of revenue and expense during the period.

Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcome requiring a material adjustment to the carrying amount of assets or liabilities in future period.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

i. Useful lives of property, plant and equipment

The estimated useful lives of property, plant and equipment are based on a number of factors including the effects of obsolescence, internal assessment of user experience and other economic factors (such as the stability of the industry, and known technological advances) and the level of maintenance expenditure required to obtain the expected future cash flows from the asset.

The Company reviews the useful life of property, plant and equipment at the end of each reporting date.

ii. Recoverable amount of property, plant and equipment

The recoverable amount of property plant and equipment is based on estimates and assumptions

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

regarding the expected market outlook and expected future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

iii. Defined benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions including any changes in these assumptions that may have a material impact on the resulting calculations.

iv. Recognition of deferred tax assets

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to signification adjustment to the amounts reported in financial statement.

v. Income Tax

The Company's tax jurisdiction is India. Significant judgements are involved in determining the provision for income taxes including judgement on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

vi. Inventory

Management has carefully estimated the net realizable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realization of these inventories may be affected by market driven changes.

vii. Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy. The Company annually assesses such claims and monitors the legal environment on an ongoing basis, with the assistance of external legal counsel, wherever necessary.

viii. Fair value measurement

Some of the company's assets and liabilities are measured at fair value for financial reporting process. In estimating the fair value of an asset or liability, the company uses market-observable data to the extent is available.

Recent Indian accounting standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

- i. Ind AS 12 - Income Taxes - This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statement.
- ii. Ind AS 1 - Presentation of Financial Statements - This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.
- iii. Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors - This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its standalone financial statements.

The uncertainties and possible reimbursements are dependent on the outcome of the different legal processes which have been invoked by the Company or the claimants as the case may be and therefore cannot be predicted accurately or relate to a present obligation that arise from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate cannot be made. The Company has been advised that it has strong legal positions against such disputes.
- d. The Hon'ble Supreme Court in a ruling during the year 2019 had passed a judgement on the definition and scope of 'Basic Wages' under the Employees' Provident Funds and Miscellaneous Provision Act, 1952. Pending issuance of guidelines by the regulatory authorities on the application of this ruling, the impact on the Company, if any, cannot be ascertained. The Company will update its provision, on receiving further clarity on this subject matter.

National Pension Fund	12.77	13.06

The expenses incurred on account of the above defined contribution plans have been included in Note No. 32 "Employee Benefits Expenses" under the head "Contribution to provident and other funds"

36.2 Defined Benefit Plan:

The Company sponsors funded defined benefit plan for qualifying employees. This defined benefit plan of gratuity is administered by a separate trust that is legally separate from the entity. The trustees are required by the law to act in the interest of the trust and all the relevant stakeholders i.e. active employees, inactive employees, retired employees and employers, etc. The trust is responsible for investment policy with regard to the assets of the trust. The Company has a gratuity plan wherein every employee is entitled to the benefit equivalent to 15 days salary last drawn for each completed year of service. Gratuity is payable to all eligible employees of the Company on retirement, separation, death or permanent disablement, in terms of the provisions of the Payment of Gratuity Act, 1972 or as per the Company's plan, whichever is more beneficial.

These plans typically expose the company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

- i. Salary Risk- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- ii. Investment Risk – If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- iii. Interest Risk- A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the plan assets.
- iv. Longevity risk- The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

The following tables set out the funded status of the gratuity plan and the amounts recognized in the Company's financial statements as at 31st March 2023 and 31st March 2022.

39. Disclosures as required by Indian Accounting Standard (Ind AS) 116 “Leases”:-

The Company has lease contracts for Land. Leases of land have lease terms of 99 years. The Company's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the Company is restricted from assigning and subleasing the leased assets.

In 2019-20 on transition, while adoption of the new standard resulted in recognition of 'Right of Use' asset of ₹ 0.08 lakhs and a lease liability of ₹.0.08 lakhs. Further, in respect of leases which were classified as operating leases, applying Ind AS 17, ₹ 1,162.54 lakhs had been reclassified from "Other Assets" to "Right of Use Asset". The effect of this adoption was insignificant on the profit before tax, profit for the period and earnings per share. Ind AS 116 resulted in an increase in cash inflows from operating activities and an increase in cash outflows from financing activities on account of lease payments.

(a) Following are the changes in the carrying value of right of use assets for the year ended 31st March 2023:

42. Financial Instruments and Risk Management

42 (a) Capital Management

The Company manages its capital to ensure that it will be able to continue as going concern while maximizing the return to stakeholders through optimization of debt and equity balance. The capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maintain optimum capital structure to reduce cost of capital and to maximize the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants which otherwise would permit the banks to immediately call loans and borrowings. In order to maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital. The Company's gearing ratio was as follows:

Level 1:

Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2:

Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly.

Level 3:

Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data.

Sensitivity of Level 3 financial instruments are insignificant.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants.

The following methods and assumptions were used to estimate the fair values:

Investments in mutual funds: Fair value is determined by reference to quotes from the financial institutions, i.e. net asset value (NAV) for investments in mutual funds declared by mutual fund house.

Investment in preference shares: Fair value is determined by reference to quotes from fund houses/portfolio management services companies/respective issuer of preference shares, i.e. value of investments.

Derivative contracts: The Company has entered into various foreign currency contracts to manage its exposure to fluctuations in foreign exchange rates. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the Authorized Dealers Banks.

Quoted equity investments: Fair value is derived from quoted market prices in active markets.

Unquoted equity investments: Fair value is derived on the basis of net asset value approach, in this approach the net asset value is used to capture the fair value of these investments.

Reconciliation of Level 3 fair value measurements

42. Financial Instruments and Risk Management (Contd..)

Financial risk management

The financial assets of the company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations.

The principal financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The company is mainly exposed to the following risks that arise from financial instruments:

- (i) Market risk
- (ii) Liquidity risk
- (iii) Credit risk

The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

This note explains the risks which the company is exposed to and policies and framework adopted by the company to manage these risks:

(i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, foreign currency risk and investment risk.

(a) Foreign currency risk

The company imports certain assets and material from outside India. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently the company is exposed to foreign currency risk and the results of the company may be affected as the rupee appreciates/ depreciates against foreign currencies. Foreign exchange risk arises from the future probable transactions and recognised assets and liabilities denominated in a currency other than company's functional currency.

The company measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency risk by hedging appropriately. The Company uses foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures.

The Carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting periods expressed in foreign currency are as follows:

42. Financial Instruments and Risk Management (Contd..)

Foreign currency sensitivity analysis

Any changes in the exchange rate of EURO and USD against INR is not expected to have significant impact on the Company's profit or equity due to the less exposure of these currencies. Accordingly, a 10% appreciation/depreciation of the INR as indicated below, against the EURO and USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variable remains constant:

Particulars	For the year ended 31 st March 2023	For the year ended 31 st March 2022
10% Strengthening/weakening of EURO against INR	0.19	0.18

Foreign exchange derivative contracts

The Company uses derivative financial instruments exclusively for hedging financial risks that arise from its commercial business or financing activities. The company's Corporate Treasury team measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency cash flows by appropriately hedging the transactions. When a derivative is entered into for the purpose of being a hedge, the company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table gives details in respect of outstanding foreign currency forward held by the company to mitigate the risk of changes in exchange rates on foreign currency exposures.

Particulars	No. of deals	As at 31 st March 2023	No. of deals	As at 31 st March 2022
Contracts against Import				
- In USD	11	61.35	12	97.83
- In EUR	-	-	-	-
- In JPY	1	19.67	1	35.62

Sensitivity on the above derivative contracts in respect of foreign currency exposure is insignificant.

(b) Interest Rate Risk Management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

Notes to Financial Statement

for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

42. Financial Instruments and Risk Management (Contd..)

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

Particulars	Carrying amount (INR In Lakhs)	
	As at 31 st March 2023	As at 31 st March 2022
Variable rate instruments		
Short term borrowings	33.78	278.40

Cash flow sensitivity analysis for variable rate instruments

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows :

Particulars	For the year ended 31 st March 2023 If loans interest rate decreases by 1%	For the year ended 31 st March 2022 If loans interest rate decreases by 1%
	Increase/ (decrease) in profit before tax by	0.34

(c) Security Price Risk Management

Exposure in equity

The Company is exposed to equity price risks arising from equity investments held by the Company and classified in the balance sheet as fair value through OCI.

Equity price sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to equity price risks at the end of the year.

If the equity prices had been 5% higher / lower:

Other comprehensive income for 31st March 2023 would increase / decrease by ₹ 15.35 Lakhs (31st March 2022: increase / decrease by ₹ 14.00 Lakhs) as a result of the change in fair value of equity investment measured at FVTOCI.

Notes to Financial Statement for the year ended 31st March 2023

(All amounts in Rs lakhs, unless otherwise stated)

42. Financial Instruments and Risk Management (Contd..)

Exposure in mutual funds

The Company manages the surplus funds majorly through investments in debt based mutual fund schemes. The price of investment in these mutual fund schemes is reflected through Net Asset Value (NAV) declared by the Asset Management Company on daily basis as reflected by the movement in the NAV of invested schemes. The Company is exposed to price risk on such Investments.

Mutual fund/Preference share price sensitivity analysis

The sensitivity analysis below have been determined based on Mutual Fund Investment at the end of the year. If NAV has been 1% higher / lower:

Profit for the year ended 31st March 2023 would increase / decrease by ₹ 168.56 Lakhs (31st March 2022 by ₹ 131.23 Lakhs) as a result of the changes in fair value of mutual fund investments.

(ii) Liquidity Risk

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations.

The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash and marketable securities to meet the obligations as and when fall due. The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period:

42. Financial Instruments and Risk Management (Contd..)

(iii) Credit Risk Management

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. Credit risk on cash and bank balances is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in liquid mutual fund units, bonds, fixed maturity plan etc. issued by institutions having proven track record.

The company assesses the creditworthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. The credit limit of each customer is defined in accordance with this assessment

The impairment analysis is performed on client to client basis for the debtors that are past due at the end of each reporting date. The company has not considered an allowance for doubtful debts in case of Trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

The following is the detail of revenues generated from top five customers of the company and allowance for lifetime expected credit loss:

Particulars	As at 31 st March 2023	As at 31 st March 2022
(a) Revenue from top five customers		
- Amount of sales	25,581.91	15,943.76
- % of total sales	59.96%	52.56%
(b) Financial assets for which loss allowance, measured

Opening Balance	4.84	4.84
Provided during the year	3.53	-
Reversed during the year	(4.84)	-
Closing Balance	3.53	4.84

Other than financial assets mentioned above, none of the Company's financial assets are either impaired, and there were no indications that defaults in payment obligations would occur.

Write off policy

The financials assets are written off in case there is no reasonable expectation of recovering from the financial asset.

43. In accordance with the Ind AS-36 on Impairment of Assets, the Company has assessed as on the balance sheet date, whether there are any indications with regard to the impairment of any of the assets. Based on such assessment it has been ascertained that no potential loss is present and therefore, formal estimate of recoverable amount has not been made. Accordingly no impairment loss has been provided in the books of account.
