ANNEXURE TO THE NOTICE:

STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013:

(For Items No. 4, 5 & 6)

ITEM NO. 4:

The members of the Company in their Annual General Meeting held on September 05, 2016 had approved appointment of Mr. B.K. Choudhary as Managing Director of the Company for three years term w.e.f 01.04.2016. The present term of his appointment is expiring on 31.03.2019. However, the Board of Directors in its meeting held on February 02, 2019 has re-appointed Mr. B.K. Choudhary as Managing Director for a

period of five years w.e.f. April 01, 2019 to March 31, 2024, at remuneration as detailed in the resolution. The said re-appointment of Mr. B.K. Choudhary is subject to the approval of the members.

The Board of Directors recommends the Ordinary Resolution as set out at Item No. 4 of the Notice for approval by the Members.

			• Purchase/ sale of fixed assets		
			• Rent Paid		
			• Payment towards sharing of corporate services	At Cost	Yes
			• Reimbursement of expenses (paid/ received)	on Actual Basis	Yes

The Board of Directors recommends the Ordinary Resolution as set out at Item No. 5 of the Notice for approval by the Members.

MEMORANDUM OF INTEREST:

None of the Directors/ Key Managerial Personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in the Ordinary Resolution set out at Item No. 5 of the Notice.

ITEM NO. 6:

Pursuant to the provisions of the Section 148 of the Companies Act, 2013 read with Companies (Audit and Auditors) Rules, 2014, the Cost Audit is required to be conducted in respect of the Cost Accounts maintained by the Company. Upon the recommendation of Audit Committee, the Board of Directors in its meeting held on May 06, 2019 had appointed Mr. R.A. Mehta, as Cost Auditor of the Company to conduct Cost Audit for Financial Year ending March 31, 2020.

Accordingly, the consent of the members is solicited for passing an Ordinary Resolution as set out at Item No. 6 of the notice for ratification of payment of remuneration of ₹ 50,000/- plus applicable taxes to the Cost Auditor for the Financial Year ending 31st March, 2020.

The Board recommends the Ordinary Resolution as set out at Item No. 6 of the Notice for approval by the Members.

MEMORANDUM OF INTEREST:

None of the Directors/ Key Managerial Personnel (KMP) of the Company/ their relatives are, in any way, concerned or interested, financial or otherwise, in the Ordinary Resolution set out at Item No. 6 of the Notice

2. MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

Management Discussion and Analysis Report for the year under review as stipulated under Regulation 34(2)(e) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is presented as under:-

A. ACRYLIC FIBER INDUSTRY-GLOBAL AND INDIAN PERSPECTIVE:

Primary raw material of Acrylic Fiber is Acrylonitrile which in turn is a crude oil derivative. Crude oil prices witnessed roller coaster movement during the year from USD 68 bbl in April 18 high of USD 86 bbl in Oct 18 to only sharply fall to USD 50 bbl in Dec 18 before recovering to USD 68 bbl in March 19. Such movement was prompted by decisions of US administration to re-impose sanctions on Iran and countries buying crude oil from Iran w.e.f. Nov 18 and later grant of 180 days waiver to eight countries including India and several other events with global ramifications. There were short term gluts and shortages of crude oil further

aggravated by shifting sentiments which led to very volatile conditions.

Actions by some governments to unilaterally impose or hike custom duties on imports from several selected countries also had its share of effect on disruptions and volatility in global markets. Some of the countries responded with reciprocal duties. Such actions caused rush of exports to beat the deadlines of higher duties causing sudden demand and then a steep fall in demand after implementation of increased duties. Such actions and responses keep the global trade on tenterhooks and in a flux leading to uncertainties and protective measures which are not in best interest of global trade.

Acrylonitrile and Acrylic Fiber were not left untouched by these upheavals in global trade measures.

Acrylonitrile prices rose by about 15-17% between Apr-18 and Sep-18, then crashed by about 35-40% by Feb-19 and rebounded about 20-22% in Mar-19. This see-saw was caused by global macro factors as discussed above as also by simultaneous turnarounds of Chinese Acrylonitrile producers and good demand from its other derivatives like ABS, Adiponitrile and Acrylamide.

At global level, Acrylic Fiber suffered a drop in demand in 2018 over 2017, China contributing the most to it. Additional capacities commissioned in China in recent years, turmoil in Turkey leading to large erosion in Turkey's Acrylic Fiber demand and large demand drop in China did not allow Acrylonitrile price increases to be passed on fully and affected margins of Acrylic Fiber producers. Extent of drop and rise in Acrylonitrile prices were the worst in last one decade.

Extended winter in India this year was helpful in creating a better demand for winter wear in India. However, global turmoil caused by sharp price drop in end of 2018/ beginning of 2019 and drop in demand globally led Acrylic Fiber producers from China, Thailand, Turkey, Peru, Mexico and Belorussia to dump large volumes in India. Such dumping has happened in past as well whenever there is a demand drop outside India causing oversupply and consequential impacts.

B. FINANCIAL ANALYSIS AND REVIEW OF OPERATIONS:

• PRODUCTION & SALES REVIEW:

Your Company has achieved a turnover of ₹39,196.35 lakhs against a turnover of ₹32,692.59 lakhs in the previous year. After providing for depreciation of ₹539.79 lakhs (previous year ₹472.64 lakhs) and provision for current tax of ₹1,233.13 lakhs (previous year ₹1,449.16 lakhs), deferred tax of ₹(8.79) lakhs (previous year

₹ (647.26) lakhs), Profit after Tax (after considering Other Comprehensive Income) of the Company is ₹ 3,365.26 lakhs as against ₹ 3,847.56 lakhs in the previous year. This is about 12.54% lower than 2017-18.

• **RESOURCE UTILIZATION:**

(a) **Fixed Assets:**

The gross fixed assets (including work-in-progress) as at March 31, 2019 were ₹ 7,062.10 lakhs as compared to ₹ 6,848.97 lakhs in the previous year. Under Ind AS, land on lease is considered as operating lease. Therefore net block of leasehold land as on March 31, 2019 and as on March 31, 2018 has been re-classified under the head "Other non-current assets" and "Other current assets" as 'pre-payments of leasehold land' and excluded from Gross Fixed Assets.

(b) **Current Assets:**

C. CAPACITY ENHANCEMENT PROGRAMME

Your company has been periodically enhancing production Capacity by internal efforts since last about a decade. Company has received Consolidated Consent Authorization on 15/03/19 to enhance capacity to 22,000 MTpa from 20,000 MTpa currently. Company is already working on augmenting necessary facilities to achieve increased production at the earliest. Increase in production is expected to make Company's products more competitive and retain its leadership in market.

D. BUSINESS OUTLOOK

Indicators at macro level are positive and supportive of consumption. India's GDP is estimated to have grown by 6.80% in 2018-19. As estimated by various global institutions, the GDP may grow @7% in the year 2019-20. On the other hand, Chinese economy is expected to continue slowdown from approximately 6.5% in 2018 to 6.2% in 2019 and 6.0% in 2020. Inflation has steadily come down to 4.30%.

Emphasis of the Government on increasing rural incomes and providing financial support to poor is a positive for Acrylic Fiber industry in medium and long term. Increasing per capita income augurs well for Acrylic Fiber consumption especially with inflation remaining in check. Global economic slowdown is not expected to have large impact on Acrylic Fiber consumption in India.

E. MAJOR RISK AND AREA OF CONCERN

Low rate of inflation in India and growing agriculture output are positives for consumption of basic items that include clothing and textiles. However, a less than normal monsoon, slower industrial output increase on back of slowdown in global economies can be a dampener in spending by middle and lower income sections of Indian society. Dumping by overseas Acrylic Fiber producers continues to be a threat in 2019-20 as well. Enhanced action by government to curtail such imports of Acrylic Fiber will help in creating level playing field for entire Acrylic Fiber supply chain. Spurt in crude oil prices can upset the market economics leading to demand drop. Higher crude oil prices can also cause depreciation of Indian Rupee making Acrylic Fiber more expensive.

F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The company reviews its Systems and Processes periodically to assess their robustness and sufficiency in view of business requirements, best industrial practices, corporate governance, statutory compliances, controls and audit purpose. This is supplemented by a bi-annual Internal Audit to identify areas that might need further review and attention of Senior Management. Recommendations of Internal and Statutory Auditors are viewed as an opportunity to look at our system from an independent view. Senior Management of your Company is committed to make the operations process driven and transparent and strengthen informed decision making so as to minimize chances of deviations and taken timely corrective action.

G. INTERNAL FINANCIAL CONTROL:

The Company has in place requisite and adequate controls for financial matters to ensure all compliances - internal as well as statutory. The systems related to these matters are regularly reviewed and updated to

keep them in sync with changing times. During the year, no reportable material weakness in the design or operation was observed.

Independent Auditors' Report

To
The Members of
Vardhman Acrylics Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Vardhman Acrylics Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash flows for the year ended, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2019, and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance sheet, the statement of profit and loss including other comprehensive income, statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on 31st March 2019 taken on record by the Board of directors, none of the directors is disqualified as on 31st March 2019 from being appointed as a Director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A",

Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal

financial control over financial reporting of those companies, for reasons stated therein.

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The company has disclosed the impact of pending litigations on its financial position in its Financial Statements. Refer Note 32 to the Financial Statements.
- ii. The company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of sub section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE – "A" TO THE INDEPENDENT AUDITORS REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Vardhman Acrylics Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial control over financial reporting of Vardhman Acrylics Limited ("the Company") as of 31st March 2019 in conjunction with our audit of Financial Statements of company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Vardhman Acrylics Limited of even date)

- (i) In respect of the Company's fixed assets:-
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) The Company has a phased program of physical verification of its fixed assets which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. As part of this program, the management has physically verified certain fixed assets during the year. According to the information and explanations given to us, no discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, title deed of the immovable property is held in the name of the company.
- (ii) According to the information and explanations given to us, physical verification has been conducted by management at reasonable intervals in respect of finished goods, stores and spares and raw material, Further, stock in the possession and custody of third parties and stock in transit as at 31st March, 2019 has been verified by the management with reference to confirmation and statement of accounts or correspondence with the third party or subsequent receipt of goods. In our opinion, the frequency of such verification is reasonable.

According to the information and explanations given to us, no discrepancies were noticed on such verification.
- (iii) According to the information and explanations given to us, we report that the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnership or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Therefore, the provisions of paragraph 3(iii) of the Order are not applicable to the Company.
- (iv) According to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Act, with respect of grant of loans, making investments and providing guarantees, as applicable.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits covered under the provisions of sections 73 to 76 and any other relevant provision of the Companies Act, 2013 and the rules framed

there under and therefore the provisions of the clause 3(v) of the order are not applicable to the company.

- (vi) We have broadly reviewed the cost records maintained by the company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of such records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and on the basis of the records of the Company examined by us, in our opinion, the Company has been regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, goods and services tax, service tax, duty of custom, duty of excise, value added tax, cess, sales tax

and other statutory dues applicable to it with the appropriate authorities.

- (b) According to the information and explanations given to us, no undisputed amounts in respect of statutory dues payable were outstanding as on the last day of the financial year concerned for a period of more than six months from the date they became payable as at 31st March, 2019.
- (c) According to the information and explanations given to us, there are no dues of duty of custom, duty of excise and entry tax which have not been deposited with the appropriate authorities on account of any dispute. However according to the information and explanations given to us, the following dues of service tax, value added tax, sales tax and income tax which have not been deposited by the company with the appropriate authorities on account of dispute.

Notes forming part of Financial Statements

1. CORPORATE AND GENERAL INFORMATION

Vardhman Acrylics Limited ("the Company") is a public limited company, incorporated under the provisions of Indian Companies Act and has its registered office at Vardhman Premises, Chandigarh Road, Ludhiana, Punjab, India. The equity shares of the company are listed on National Stock Exchange of India Limited.

The Company is a leading manufacturer and supplier of Acrylic Fibre and Tow having its manufacturing facility in Gujarat, India.

The Board of Directors approved the Financial Statements for the year ended 31st March, 2019 and the authorised for issue on 06th May, 2019.

2. SIGNIFICANT ACCOUNTING POLICIES :

(a) Statement of Compliance

The standalone financial statement comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

(b) Basis of preparation of financial statements

The financial statements have been prepared on historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') and guidelines issued by the Securities and Exchange Board of India (SEBI).

The following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value.

The Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(c) Significant accounting judgements, estimates and assumptions

The preparation of the financial statements in conformity with Ind AS requires management to exercise judgments, make estimates and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. These estimates and assumptions are based on historical experiences and various factors that are believed to be reasonable under the circumstances. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The areas involving significant estimates and judgement include determination of useful life of Property, plant and equipment (Refer note 3), measurement of defined benefit obligations (Refer note 33), recognition and measurement of provisions and contingencies (Refer note 32) and recognition of deferred tax assets/liabilities (Refer note 38)

(d) Revenue Recognition

The Company derives revenue primarily from sale of Acrylic Fibre and Tow.

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The following is a summary of new and/or revised significant accounting policies related to revenue recognition. The effect on adoption of Ind AS 115 was insignificant as the revenue is of short term nature and performance obligations are satisfied upon delivery of goods.

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for returns, trade allowances for deduction, rebates, goods and services tax and amounts collected on behalf of third parties.

i. Sale of Acrylic Fibre including Traded goods

Revenue from the sale is recognized as and when Acrylic fibre is sold. Revenue from the sale of Acrylic fibre and traded good are recognized when control of the goods has passed to the buyer i.e. at the point of sale/delivery to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods. Sale is net of sales returns, discounts and goods and services tax.

ii. Interest income

- Interest Income from customers is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.
- Other Interest Income is recognized using effective interest rate.

iii. Dividend income

Dividend income is recognized when the right to receive the payment is established.

iv. Insurance and Other Claims

Revenue in respect of claims is recognized when no significant uncertainty exists with regard to the amount to be realized and the ultimate collection thereof.

(d) Employee Benefits**i. Short term Employee Benefits :**

Short Term Employee Benefits are recognized as an expense on an undiscounted basis in the statement of profit and loss of the year in which the related service is rendered.

ii. Provident Fund

Employees receive benefit in the form of provident fund which is a defined contribution plan. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

iii. Superannuation

Certain employees of the Company are participants in a defined contribution plan. The Company has no further obligations to the Plan beyond its monthly contributions which are periodically contributed to a trust fund, the corpus of which is invested with the Life Insurance Corporation of India.

iv. Gratuity

The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees of the Company. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The company fully contributes all ascertained liabilities to the Vardhman Acrylics Limited Gratuity Fund Trust (the Trust). Trustees administer contributions made to the Trusts and contributions are invested in the scheme with Life insurance corporation of India as permitted by Indian Law.

The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gain and losses through re-measurements of the net defined benefit liability / asset are recognised in other comprehensive income and are not reclassified to profit and loss in subsequent periods.

The actual return of portfolio of plan assets in excess of the yields computed by applying the discount rate used to measure the defined benefit obligation is recognised in other comprehensive income.

v. Compensated absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

(e) Property, Plant and Equipment

Items of property, plant and equipment are stated at cost, less accumulated depreciation and impairment, if any. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management. The company depreciates property, plant and equipment over their estimated useful lives using the straight-line method. The estimated useful lives of assets as prescribed under Part C of Schedule II of the Companies Act 2013 except the assets costing ₹ 5000/- or below on which depreciation is charged @ 100% per annum on proportionate basis, are as follows:

Building - 30-60 years.

Plant and Machinery - 15-25 years.

Office Equipment - 5 Years

Computer Equipment - 3 years.

Furniture and fittings - 10 years

Vehicles excluding Motor cycles- 08 years.

Motor cycles – 10 years.

On transition to Ind AS, the company has elected to continue with the carrying value of all its Property, plant & equipment recognized as at 1st April, 2016 measured as per previous GAAP and use that carrying value as it's deemed cost of its Property plant and equipment.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other 'non-current assets' and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred.

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

(f) Impairment of property, plant and equipment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU (Cash Generating unit) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognized for the asset in prior years.

Impairment is reviewed periodically, including at each financial year end.

(g) Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment if any. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date that they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence etc. Amortization method and useful lives and residual values are reviewed periodically, including at each financial year end.

(h) Inventories

Inventories of raw materials, stores and spares, work-in-progress and finished goods are valued at cost or net realisable value, whichever is lower. However, materials and other items held for use in the production of Inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The cost in respect of the aforesaid items of inventory is computed as under:

- In case of raw materials, at weighted average cost plus direct expenses.
- In case of stores and spares, at weighted average cost plus direct expenses.
- In case of work-in-progress, at raw material cost plus conversion cost depending upon the stage of completion.
- In case of finished goods, at raw material cost plus conversion cost, packing cost and other overheads incurred to bring the goods to their present condition and location.

(i) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of items of Property, plant and equipment which necessarily takes substantial period of time to get ready for their intended use are capitalized as part of the cost of the asset. Other borrowing costs are recognized as an expense in the period in which they are incurred. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(j) Earnings per Share

Basic earnings per equity share is computed by dividing the net profit for the period attributable to the equity share holders of the company by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to the equity shareholders is divided by the weighted average number of equity shares outstanding during the period after adjusting for the effects of all dilutive potential equity shares, if any.

(k) Taxes on Income

Income tax expense comprises of current and deferred income tax. Income tax expense is recognized in the statement of profit and loss except to when it relates to items recognized directly in equity or items recognised in other comprehensive income.

Current income tax for current period is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date.

A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts.

(l) Government Grants

- i. The government grants are recognized only when there is reasonable assurance that the conditions attached to them shall be complied with, and the grants will be received.
- ii. Government grants in relation to fixed assets are treated as deferred income and are recognized in the statement of profit and loss on a systematic and rational basis over the useful life of the asset.
- iii. Government grants related to revenue are recognized on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate.

(m) Foreign Currency Transactions

(i) Functional and Presentation currency

The functional currency of the company is Indian rupee. These financial statements are presented in Indian rupees (rounded off to ₹ lakhs).

(ii) Transaction and balances

The foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the

foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

The monetary items denominated in foreign currency are reported using the closing rate at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency is translated using the exchange rate at the date of the transaction.

Exchange differences arising on the settlement or reporting of monetary items at rates different from rates at which these were initially recorded during the period or reported in previous financial statements as recognised in the statement of profit or loss in the period in which they arise.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statements of profit and loss, within finance cost. All other foreign exchange gains and losses are presented in the statement of profit and loss on net basis.

(n) Dividends

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

(o) Leases

Leases under which the company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower.

Lease under which the risks and rewards incidental to ownership are not transferred to lessee is classified as operating lease. Lease payments under operating leases are recognized as an expense on a straight line basis in net profit in the statement of profit and loss over the lease term.

Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

(p) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Initial Recognition and measurement

All financial assets and liabilities are initially recognized at fair value plus or minus transaction cost that are directly attributable to the acquisition or issue of financial asset or financial liability on initial recognition. Transaction cost that are directly attributable to the acquisition of financial assets or financial liabilities, that are carried at fair value through profit or loss are immediately recognized in the statement of profit or loss.

ii. Subsequent measurement

➤ **Non-derivative financial instruments**

1. Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

2. Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition, the company can make an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model. These elected investments are initially measured at fair value plus transaction cost, subsequently there are measured at fair value with gains and losses arising from changes in fair value recognized in Other Comprehensive Income and accumulated in the Reserve for equity instruments

through Other Comprehensive Income. The cumulative gain or loss is not reclassified to the Statement of Profit or loss on disposal of the investments.

3. Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories is subsequently measured at fair valued through profit or loss.

4. Financial liabilities

The financial liabilities are subsequently carried at amortized cost using the effective interest method.

➤ Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and option contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

➤ Financial assets or financial liability at fair value through Profit or Loss

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/ liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

➤ Cash Flow Hedge

The Company has not designated derivative financial instruments as cash flow hedges.

➤ Share capital

Equity Shares

Equity shares issued by the company are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares and share options are recognized as a deduction from equity, net of any tax effects.

Derecognition of financial instruments

A financial asset is derecognized when the contractual rights to the cash flows from the financial asset expire or it transfers the right to receive the contractual cash flows including risk and rewards of ownership.

A financial liability is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

Fair value measurement

Fair value of financial assets and liabilities is normally determined by reference to the transaction price or market price, if the fair value is not reliably determinable then the fair value is determined by using the valuation techniques that are appropriate in the circumstances and for which sufficient data are available, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Based on the three level fair value hierarchy, the methods used to determine the fair value of financial assets and liabilities include quoted market price, discounted cash flow analysis and valuation certified by the external valuer.

In case of financial instruments where the carrying amount approximates fair value due to the short maturity of those instruments, carrying amount is considered as fair value.

(q) Impairment of financial assets

Financial assets that are carried at amortised cost and fair value through other comprehensive income (FVOCI) are assessed for possible impairments basis expected credit losses taking into account the past history of recovery, risk of default of the counterparty, existing market conditions etc. The impairment methodology applied depends on whether there has been a significant increase in credit risk since initial recognition.

For Trade receivables, the Company provides for expected credit losses based on a simplified approach as per Ind AS 109 - Financial Instruments. Under this approach, expected credit losses are computed basis the probability of defaults over the lifetime of the asset.

(r) Cash and cash equivalents

Cash and cash equivalent for the purpose of statement of cash flows include bank balances, where the original maturity is three months or less and other short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value. Bank overdraft are included as a component of cash and cash equivalent for the purpose of statement of cash flow.

(s) Cash flow statement

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) - 7 "Statement of Cash flows" using the indirect method for operating activities.

(t) Provisions and Contingent liabilities:

- Provisions are recognized if, as a result of past event, the company has a present obligation (legal or constructive), and it is probable that a cash outflow will be required to settle the obligation in respect of where a reliable estimate can be made.
- As the timing of outflows of resources is uncertain, being dependent upon the outcome of the future proceedings, these provisions are not discounted to their present value.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets.

Contingent assets are neither recognized nor disclosed in the financial statements

Provisions, contingent liabilities, and commitments are reviewed at each balance sheet date.

(u) Recent accounting pronouncements

Ind AS 116 Leases : On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit and Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition:

- Full retrospective – Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- Modified retrospective – Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

- Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or
- An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

Certain practical expedients are available under both the methods

On completion of evaluation of the effect of adoption of Ind AS 116, the Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain available practical expedients on transition.

Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments : On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives.

The effect on adoption of Ind AS 12 Appendix C would be insignificant in the standalone financial statements.

Amendment to Ind AS 12 – Income taxes : On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

Amendment to Ind AS 19 – plan amendment, curtailment or settlement- On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date of application of this amendment is annual period beginning on or April 1, 2019.

39. Capital Management

The Company manages its capital to ensure that it will be able to continue as going concern while maximizing the return to stakeholders through optimization of debt and equity balance. The capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the company. The primary objective of the company's capital management is to maintain optimum capital structure to reduce cost of capital and to maximize the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants which otherwise would permit the banks to immediately call loans and borrowings. In order to maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's gearing ratio was as follows:

The following table provides detail of the debts and equity at the end of the reporting years:

Level 1:

Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market.

Level 2:

Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly.

Level 3:

Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data.

Sensitivity of Level 3 financial instruments are insignificant.

The fair value of the financial instruments are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

Investments in mutual funds: Fair value is determined by reference to quotes from the financial institutions, i.e. net asset value (NAV) for investments in mutual funds declared by mutual fund house.

Investment in preference shares/debentures: Fair value is determined by reference to quotes from fund houses/ portfolio management services companies/respective issuer of preference shares, debentures i.e. value of investments.

Derivative contracts: The Company has entered into various foreign currency contracts to manage its exposure to fluctuations in foreign exchange rates. These financial exposures are managed in accordance with the Company's risk management policies and procedures. Fair value of derivative financial instruments are determined using valuation techniques based on information derived from observable market data, i.e., mark to market values determined by the Authorized Dealers Banks.

Quoted equity investments: Fair value is derived from quoted market prices in active markets.

Unquoted equity investments: Fair value is derived on the basis of net asset value approach, in this approach the net asset value is used to capture the fair value of these investments.

Financial risk management

The financial assets of the company include investments, loans, trade and other receivables, and cash and bank balances that derive directly from its operations.

The principal financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables and the main purpose of these financial liabilities is to finance the day to day operations of the company.

The company is mainly exposed to the following risks that arise from financial instruments:

- (i) Market risk
- (ii) Liquidity risk
- (iii) Credit risk

The Company's senior management oversees the management of these risks and that advises on financial risks and the appropriate financial risk governance framework for the Company.

This note explains the risks which the company is exposed to and policies and framework adopted by the company to manage these risks:

(i) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, foreign currency risk and investment risk.

(a) Foreign currency risk

The company imports certain assets and material from outside India. The exchange rate between the Indian rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently the company is exposed to foreign currency risk and the results of the company may be affected as the rupee appreciates/ depreciates against foreign currencies. Foreign exchange risk arises from the future probable transactions and recognised assets and liabilities denominated in a currency other than company's functional currency.

The company measures the risk through a forecast of highly probable foreign currency cash flows and manages its foreign currency risk by hedging appropriately. The Company uses foreign exchange forward contracts to mitigate the risk of changes in exchange rates on foreign currency exposures.

The following table analyses the foreign currency risk from monetary assets and liabilities:

INR/JPY	0.63	-	0.62	-

Foreign currency sensitivity analysis

Any changes in the exchange rate of EURO and USD against INR is not expected to have significant impact on the Company's profit due to the less exposure of these currencies. Accordingly, a 10% appreciation/depreciation of the INR as indicated below, against the EURO and USD would have increased/reduced profit by the amounts shown below. This analysis is based on the foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variable remains constant:

(b) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

As the Company has no significant interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates, which are included in interest bearing loans and borrowings in these financial statements. The company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

At the reporting date the interest rate profile of the Company's interest bearing financial instrument is at its fair value:

Particulars	Carrying amount (₹ in lakhs)	
	As at 31 st March, 2019	As at 31 st March, 2018
Variable rate instruments		
Long term borrowings	-	-
Current maturities of long term debt	-	-
Short term borrowings	75.39	132.81

Cash flow sensitivity analysis for variable rate instruments

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows :

Particulars	As at 31 st March, 2019	As at 31 st March, 2018
	If loans interest rate decreases by 1%	If loans interest rate decreases by 1%
Increase/ (decrease) in profit before tax by	0.75	1.33

(c) Security Price Risk Management
Exposure in equity

The Company is exposed to equity price risks arising from equity investments held by the Company and classified in the balance sheet as fair value through OCI.

Equity price sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to equity price risks at the end of the year.

If the equity prices had been 5% higher / lower:

Other comprehensive income for March 31, 2019 would increase / decrease by ₹ 15.19 lakhs (March 31, 2018: increase / decrease by ₹ 21.67 lakhs) as a result of the change in fair value of equity investment measured at FVTOCI.

Exposure in mutual funds

The Company manages the surplus funds majorly through investments in debt based mutual fund schemes. The price of investment in these mutual fund schemes is reflected through Net Asset Value (NAV) declared by the Asset Management Company on daily basis as reflected by the movement in the NAV of invested schemes. The Company is exposed to price risk on such Investments.

Mutual fund/debentures/Equity shares/bonds price sensitivity analysis

The sensitivity analysis below have been determined based on Mutual Fund Investment at the end of the year. If NAV has been 1% higher / lower:

Profit for the year ended March 31, 2019 would increase / decrease by ₹ 149.10 lakhs (March 31, 2018 by ₹ 143.91 lakhs) as a result of the changes in fair value of mutual fund investments.

(ii) Liquidity Risk

The financial liabilities of the company, other than derivatives, include loans and borrowings, trade and other payables. The company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations.

The company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool. The company plans to maintain sufficient cash and marketable securities to meet the obligations as and when fall due. The below is the detail of contractual maturities of the financial liabilities of the company at the end of each reporting period:

(iii) Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. Credit risk on cash and bank balances is limited as the company generally invests in deposits with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in liquid mutual fund units, bonds, fixed maturity plan etc. issued by institutions having proven track record.

The company assesses the creditworthiness of the customers internally to whom goods are sold on credit terms in the normal course of business. The credit limit of each customer is defined in accordance with this assessment

The impairment analysis is performed on client to client basis for the debtors that are past due at the end of each reporting date. The company has not considered an allowance for doubtful debts in case of Trade receivables that are past due but there has not been a significant change in the credit quality and the amounts are still considered recoverable.

The following is the detail of revenues generated from top five customers of the company and allowance for lifetime expected credit loss:

Write off policy

The financials assets are written off in case there is no reasonable expectation of recovering from the financial asset.

41. In accordance with the Ind AS-36 on Impairment of Assets, the Company has assessed as on the balance sheet date, whether there are any indications with regard to the impairment of any of the assets. Based on such assessment it has been ascertained that no potential loss is present and therefore, formal estimate of recoverable amount has not been made. Accordingly no impairment loss has been provided in the books of account.
42. The details of amounts outstanding to Micro, Small and Medium Enterprises under the Micro, Small and Medium Enterprises Development Act, 2006, based on the available information with the Company are as under:

Sr no	Particulars	As at 31 st March, 2019 (₹ in lakhs)	As at 31 st March, 2018 (₹ in lakhs)

44. In accordance with Ind AS 18 on “Revenue” and Schedule III to the Companies Act, 2013, Sales for the period 1 April to 30 June 2017 for the previous year ended 31 March, 2018 were reported gross of Excise Duty and net of VAT/ CST. Excise Duty was reported as a separate expense line item. Consequent to the introduction of Goods and Services Tax (GST) with effect from 1 July 2017, VAT/CST, Excise Duty etc. have been subsumed into GST and accordingly the same is not recognised as part of sales as per the requirements of Ind AS 18. This has resulted in lower reported sales in the current period to that extent in comparison to the sales reported under the pre-GST structure of indirect taxes.

45. Proposed Final Dividend

The Board of Directors have recommended a final dividend of ₹ 2.50 per equity share amounting to ₹ 2009.09 lakhs for the year 2019 (Previous year: ₹ 2 per equity share amounting to ₹ 1607.27 lakhs) after the balance sheet date. The same is subject to approval by the shareholders at the ensuing Annual General Meeting of the Company and therefore proposed final dividend (including dividend distribution tax) has not been recognised as a liability as at the balance sheet date in line with Ind AS 10 on ‘Events after the Reporting Period’.
